GWRPC is responsible for writing and maintaining the District’s Comprehensive Economic Development Strategy (CEDS). As the District Organization, we appoint and facilitate a CEDS Committee that will help to develop this document.

HAZARD MITIGATION PLANNING

GWRPC, in partnership with University of Illinois and Southern Illinois University has assisted six counties with the creation and updating of the FEMA required Hazard Mitigation Plan. The purpose of the Hazard Mitigation Grant Program (HMGP) is to help communities implement hazard mitigation measures following a Presidential major disaster declaration. Hazard mitigation is any action taken to reduce or eliminate long term risk to people and property from natural hazards. Mitigation planning is a key process used to break the cycle of disaster damage, reconstruction, and repeated damage. To be eligible for Hazard Mitigation Grant funds, a jurisdiction must have a FEMA approved Hazard Mitigation Plan. Plans must be updated and FEMA approved every 5 years.
